HIBP

Registered : true

Breach : true

Name : JD

Website : jd.com

Bio : In 2013 (exact date unknown), the Chinese e-commerce service JD suffered a data breach that exposed 13GB of data containing 77 million unique email addresses. The data also included usernames, phone numbers and passwords stored as SHA-1 hashes. The data was provided to HIBP by a source who requested it be attributed to "white_peacock@riseup.net";.

Creation Date : 2013-01-01T00:00:00
